@. For example, if the total length of bituminous work to be done is 100 km, the cost per km of bituminous work shall be determined as follows:

Cost per km = $P \times \text{weightage for road work} \times \text{weightage for bituminous work} \times (1/L)$

Where P= Contract Price

L = Total length in km

Similarly, the rates per km for other stages shall be worked out accordingly.

Note: The length affected due to law and order problems or litigation during execution due to which the Contractor is unable to execute the work, may be deducted from the total project length for payment purposes. The total length calculated here is only for payment purposes and will not affect and referred in other clauses of the Contract Agreement.

Sir(s)/Madam(s),

After the amendments done by Department of Expenditure in GFR, 2017 relating to inclusion of e-bank guarantee and Insurance Surety Bonds as means to accept 'Bid Security' and 'Performance Security', this Ministry has approved the changes in necessary clauses in the standard documents (RFP and MCA) of EPC, HAM and BOT (Toll) modes which are enclosed as **Annexure**.

2. For all the existing contracts - including road development, toll contracts, ropeways and any other contract wherein Ministry has prescribed a BG - any instrument of Bid Security / Performance Security may be replaced by Insurance Surety Bond as per availability. Further, if bank guarantee is being taken as bid security or performance security and it is not possible to furnish the same in the form of e-bank guarantee, physical BG can be accepted.

Sub: Standard Request for Proposal (RFP) for National Highways and centrally sponsored road works proposed to be implemented on EPC Mode of Contract- *Amendments-I to RFP regarding.*

Ref: Ministry's letter no. RW/NH-37010/4/2010/PIC-EAP (Printing) dated 05.03.2019.

Sir,

This is in continuation to Ministry's circular referred above.

- 1.1 As per the provision of existing Standard RFP issued vide Ministry's circular dated 05.03.2019, the Technical and Financial bids shall be submitted on CPPP e-procurement portal. Earlier, Ministry's circular of even number dated 28.11.2018, the Technical Bids were proposed to be uploaded on BIMS portal and Financial bids on CPPP portal. However, due to some technical reasons, the uploading of Technical bids on the BIMS portal was suspended till further orders. Now, the requisite updation of BIMS portal has been made by NIC to capture the requisite data of bidders and evaluation of the bids automatically as per the standard RFP requirements.

- 1.2 From the past experience and to avoid any legal complications at a later date, it has been decided that the bids should be invited using BIMS portal as well as the existing system i.e. e-procurement procedure of CPPP portal. However, the evaluation of the bids will be carried out by using both mechanism i.e. (i) as per the existing mechanism and (ii) using BIMS portal. The final decision of the evaluation has to be taken based on the report finalized as per the existing mechanism of e-procurement and the evaluation carried out using BIMS portal will be considered only for comparison and validation purposes for further improvement of BIMS. The uploading of bids on the BIMS portal shall commence with immediate effect and this arrangement of evaluation of bids as per the existing mechanism and using BIMS portal only for comparison purpose shall be valid upto 31st December, 2019. From 1st January, 2020, all Technical bids shall be submitted and their evaluation shall be carried out through BIMS portal only.
2. Bid Security - As per clause 2.20 of RFP, the bidder has to furnish a Bank Guarantee against the Bid Security as per the provision of clause 1.2.4 of the Standard RFP. In this context, Ministry of Commerce and Industry vide their order no. P-25020/13/2019-EODB dated 11.09.2019 advised the following for rationalisation of system of Earnest Money Deposits:
- "Rule 170 (iii) of GFR 2017: In place of Bid Security, the Ministries/Departments may require bidders to sign a Bid securing declaration accepting that if they withdraw or modify their bids during the period of validity or if they are awarded the contract and they fail to sign the contract or to submit a performance security before the deadline define in the request for bids documents, they will be suspended for the period of time specified in the request for bids document from being eligible to submit bids for contracts with the entity that invited the bids".*

In view of the above, following clauses of RFP are hereby amended:

- (i) Clause 1.2.4 shall be read as:
- "A Bidder is required to submit, along with its BID, a BID Securing Declaration⁵. The Bidders shall also submit Demand Draft for Rs.—**⁶ issued from a scheduled Bank in India in favour of ["Pay & Accounts Officer, Ministry of Road Transport & Highways, New Delhi /National Highways Authority of India"] payable at [New Delhi]."

Footnote 5 shall be read as:

"⁵The Bid Securing Declaration shall be submitted as per Clause 2.20 of this RFP."

(ii) Clause 2.20 shall be read as:

"The bidder has to sign a Bid securing declaration accepting that if the bidder withdraw or modify its bid during the period of validity i.e. not less than 180 (one hundred eighty) days from the bid due date or if the bidder is awarded the contract and fail to sign the contract or to submit a performance security before the deadline defined in the request for bid documents, the bidder will be suspended for participation in the tendering process for the works of MoRTH/NHAI/NHIDCL and works under other Centrally Sponsored Schemes, for a period of one year from the bid due date of this work. The bid securing declaration shall be submitted as per the format at Appendix-II (Format for Bid Securing Declaration)".

3. Appendix-1B - It has been observed that some bidders are uploading the financial bids on CPP portal in the format of Appendix-1B as scanned documents as well as filling the data separately in the prescribed format made for submission of financial bids on CPP portal. Sometimes, there is a mismatch in the financial figures in both the formats submitted by the bidder which may create legal complications at a later date and invite arbitration/court cases. In order to avoid such type of complications, it has been decided that Appendix-1B as part of RFP shall be treated for reference only and not to be filled by the bidder. The financial bid shall be evaluated considering financial figures filled-in in the prescribed format only available on CPP portal.

4. Format of Letter of Acceptance (LOA) Appendix-VIII - In addition to the existing format for issue of LOA as per Appendix-VIII, the following shall be added at the bottom left corner of the format:

"Accepted by

(Name of the Authorized person)

(Name of the sole bidder/lead partner of JV)

Sub: - Utility Shifting Works for development of National Highways - Standard Operating Procedures (SOP).

Sir,

It has been observed that delays in shifting of utilities is one of the major reasons affecting timely completion of the project. Sometimes, various utilities are not properly accounted/estimated in the DPR which adversely affects execution of the projects.

2. Matter has been considered in detail and following guidelines are issued which shall be strictly followed by the consultants/executing agencies for timely completion of the project: -

2.1 Utilities (both overground and underground) that are required to be shifted for a National Highway project shall be clearly assessed by the DPR consultant during project preparation stage. The scope of work and estimated cost of shifting of utilities (excluding the supervision charges and without credit of dismantled scrape material) shall be included in the bids under civil construction cost as per the detailed estimates duly reviewed/verified by the DPR Consultants and sanctioned by the utility agencies at the appropriate level. Executing Agencies of the Ministry would ensure that the DPR consultants have checked/verified the estimates before sanction by utility owning agencies broadly on following points:

(i) Utility shifting plans would show the existing utilities to be shifted and proposed utilities with offsets, development plan of project highway duly dimensioned and proposed Right Of Way.

(ii) There should be no variation in the quantum of existing utilities to be shifted and new facilities to be provided except where the variation is technically explained and

justified and accepted by Executing Agencies. A comparative statement of existing utilities and proposed provision should be prepared and included in the estimates.

(iii) There should not be any upgradation/augmentation of facilities except where the corresponding technologies/codal provisions are obsolete. In case, upgradation/augmentation insisted upon by utility owning agencies, then the difference in the cost of such upgradation/augmentation shall be borne by the utility owning agencies.

(iv) Reference/code no. of SOR items shall invariably be given in the estimates and no percentages/contingency and shall be allowed on percentage basis unless the same are provisioned in the applicable SOR having reference/code no.

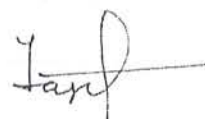

(v) Market rate of non-scheduled items shall be supported with variable documentary evidence verified by concerned Executing Agency.

(vi) Credit of dismantled material shall be given on realistic basis with detailed calculation/quantities and rates instead of lumpsum/percentage basis.

2.2 In view of the fact that the credit of dismantled material is already accounted for in the cost estimates, the dismantled material/scrap of existing utility to be shifted/dismantled shall belong to the contractor/concessionaire who would be free to dispose of the dismantled material as deemed fit.

2.3 The following provisions of EPC contract agreement shall be amended as under:

Subject: Modification in Qualification Criteria for EPC Projects - reg.

Ref: Standard RFP for EPC Projects issued by Ministry's Letter No.RW/NH-37010/4/2010/EAP (Printing) Vol.-IV dated 05.03.2019 and its subsequent Amendments.

Sir,

The Ministry vide letter No.RW/NH-37010/4/2010/EAP (Printing) Vol.-IV dated 05.03.2019 and its subsequent amendments has specified the qualification criteria for contractors for EPC Projects. Numerous relaxation in the qualification criteria for eligibility in case of EPC contracts were given in 2019 to promote competition.

2. However, now it has been brought to the notice of the Ministry that the said relaxation in the qualification criteria has had a detrimental effect on the quality of construction.

3. In view of the above, the Ministry has revised/modified the qualification criteria of contractors for EPC contracts. The modifications made, inter-alia, include the minimum requirements for both standard highway construction projects as well as stand alone specialized projects such as tunnels, major bridges, ROBs, flyovers etc; a higher requirement for EPC projects with bid price over Rs 100 crore; checks on sub-contracting experience and modification of the highways and core sector definition to tighten the eligibility criteria. The modifications in detail are enclosed as **Annexure**.

4. Relevant provisions of the standard RFP of EPC Projects stand modified to this effect. All the executing agencies of the Ministry are directed to implement the aforesaid changes with immediate effect.

5. This issues with the approval of Hon'ble Minister (RT&H).

Yours faithfully,

(Mayank Tyagi)

Subject: - Seeking Additional Performance Security for the bidders who have quoted abnormally low bid price - Reg.

Madam/Sir,

Reference is drawn towards Ministry's Circular No. NH 37015/01/2022-H dated 26.08.2022 (computer no. 208778) vide which Ministry has issued guidelines for seeking additional performance security in the Para 4 (i), (ii) & (iii):

(i) If the Bid price offered by the selected bidder is lower than 20% of the Estimated Project Cost/cost put to tender, the additional performance security shall be calculated @ 20% of the difference in the (i) Estimated Project Cost (as mentioned in RFP)-20% of the Estimated Project Cost and (ii) the Bid Price offered by the selected Bidder.

(ii) Maximum limit of additional performance security shall be limited to 3% of the Bid price offered by the selected bidder.

(iii) The additional performance security shall be treated as part of the performance security.

2. It was further conveyed that Additional performance security shall be taken only after approval of Secretary, Ministry of Road Transport & Highways, mentioning specific reasons justifying the requirement of additional performance security along with track record of the bidder. The circular was issued in pursuance to Department of Expenditure Circular no. F.9/4/2020-PPD dated 12.11.2020.

Bidder want Re.

3. The matter has been reviewed considering the trend of abnormally low bid prices in National Highways projects and it has been decided that, henceforth, additional performance security will be taken from selected bidder for low bid as under:

- (i) where the bid price is below 10% but not below 20% of the project cost put to bid, the additional performance guarantee/security percentage shall be incremented by 0.1% for every percentage of bid price below 10% of the project cost put to bid starting at 11% with the additional bid performance guarantee being 0.1% and this additional performance guarantee percentage shall be applied on the bid price;
- (ii) where the bid price is 20% or more below of the project cost put to bid, the additional performance guarantee percentage shall be incremented by 0.2% for every percentage of bid price below 20% of the project cost put to bid in addition to 1% of the bid price and this additional performance guarantee percentage shall be applied on the bid price;
- (iii) The additional performance guarantee percentage shall be rounded off to the next lower percentage based on whether the decimal point of the percentage of bid price is below 0.5% or next higher percentage based on whether the decimal point of the percentage of bid price is 0.5% or more.
- (iv) The additional performance security shall be treated as part of the performance security.
- (v) An illustrative example for calculation of additional performance guarantee/security for a notional project where the project cost put to bid is Rs.1000 crore is given in Annexure for ready reference.

4. In respect of projects under Road Wing, Additional Performance Security shall be taken with approval from DG (RD) & SS, MoRTH.

5. These guidelines shall come into force with immediate effect. All the implementing agencies of the MoRTH are requested to take action accordingly.

6. This issues with the approval of the Competent Authority.
